PROFESSIONAL PROFILE

Full Stack Developer, Tech Lead, and Software Architect with over 5 years of experience leading engineering teams, designing scalable architectures, and developing production-ready web and mobile solutions. Specialized in robust backends with Node.js and NestJS, AI Agents and intelligent Chatbots integration, AWS cloud deployments, and strict adherence to SOLID principles, Clean Code, and Hexagonal Architecture.

WORK EXPERIENCE

- Director of Technology & AI — SIPCEC**Aug. 2026 - Present
 - Technical leadership in Digital Health and Artificial Intelligence. Architecture design and AI agents integration for occupational health ecosystems (RedVive+).
- Tech Lead & Software Architect — Grupo Norte 70**May 2025 - Present
 - Scrum technical leadership, defining scalable architectures (Hexagonal) with Node.js/NestJS, CI/CD on AWS, and enforcing strict Clean Code reviews.
- Full Stack Developer — Grupo Tecnológico Sorah**Sept. 2024 - Present
 - Enterprise full-stack development with NestJS and Vue.js; PostgreSQL database optimization and high-concurrency payroll microservices.
- CEO & Full Stack Developer — MikeDev**Jul. 2019 - Present
 - Development and integration of intelligent AI Agents and Chatbots; cloud architecture with AWS, Docker, and relational/NoSQL databases.
- Full Stack Developer & Tech Researcher — Leganux**Aug. 2022 - Aug. 2024
 - Technology research, innovative prototype development, Linux server administration, and production deployments on AWS (EC2).
- Junior Web Developer — FMB Solutions**Jun. 2019 - Dec. 2019
 - Frontend and backend web development using React.js and Node.js; relational database management with SQL Server.

EDUCATION

- Centro Universitario Hidalguense A.C. — Bachelor's Degree in Computer Systems Engineering**2018 – 2023

CERTIFICATIONS & CREDENTIALS

- CRUD Operations in MongoDB** — MongoDB (2026)
 - AWS Partner: Technical Accredited** — AWS (2025)
 - AWS Partner: Generative AI Sales** — AWS (2025)
 - Job Roles in the Cloud** — AWS (2025)
 - SOLID Principles & Clean Code** — Udemy (2025)
- Gemini Certified Educator** — Google for Education (2025)
 - Web AI: Google Models for JavaScript** — Udemy (2025)
 - Master in PHP, SQL, OOP, Laravel** — Udemy (2025)
 - Copilot & Generative AI** — Santander Open Academy (2025)
 - Ethical Hacking / Red Team** — HackerMentor (2023)

ADDITIONAL INFORMATION & SKILLS

- Architecture & Cloud:** Hexagonal Architecture, SOLID, Clean Code, AWS (EC2, ECS, S3), Docker, CI/CD, Linux.
 - Frontend & Mobile:** Vue.js, NuxtJS, ReactJS, Next.js, Flutter, Tailwind CSS, Bootstrap.
- AI & Backend:** AI Agents, Chatbots, RAG, Node.js, NestJS, TypeScript, MongoDB, PostgreSQL, Redis.
 - Languages & Methodologies:** Spanish (Native), English (Intermediate) | Scrum, Kanban, Code Reviews.
